

I respectfully urge the FCC to reject the NAB's petition 04-160 and to support XM's ability to provide the kind of programming that I deserve. I pay ten dollars a month for XM's services and one of the main options that sold me was the instant traffic and weather. I can just tune into my local station on XM and i hear all of the updates and weather warnings. This is very helpful to me seeing that i hardly ever have time to turn on the TV. Also the stations in my area of frostburg Maryland does not have very many stations that provide traffic and weather updates for traveling. I really enjoy this service and i would hate to see it taken away. Thank you for your time and patience. Sincerely Megan Broadwater ( a loyal XM customer)
